

All sessions sponsored or not will be allocated to one of 4 streams

● Science ● Clinical practice ● Research/audit ● Service/professional development

MONDAY 9TH NOVEMBER

11.00 – 13.30	Registration	
13.30 – 13.45	Conference introduction	
13.45 – 14.30	Plenary session in association with 3M Health Care Limited	→ Main auditorium
●	<p>Diagnostics: the next phase in the evolution of wound care. What will this mean from an academic, clinical and patient perspective? Chairperson: Keith Harding, <i>Head of Department of Wound Healing, School of Medicine, Cardiff University</i></p> <p>Greg Shultz, <i>Institute for Wound Research, Florida</i> Jacqueline Fletcher, <i>Senior Professional Tutor, Department of Wound Healing, Cardiff</i></p>	
14.35 – 15.20	Parallel sessions	
●	<p>The science of infection Val Edward-Jones, <i>Consultant Microbiologist, Manchester</i></p>	→ King's suite
●	<p>Is there a value to tissue viability? Kathryn Vowden, <i>Nurse Consultant Tissue Viability, Bradford Royal Infirmary</i> Heather Hodgson, <i>Tissue Viability Nurse Specialist, Glasgow</i></p>	→ Main auditorium
15.25 – 16.10	Plenary session in association with Activa Healthcare	→ Main auditorium
●	<p>A new wound dressing to meet the challenges of treating and managing infected wounds</p> <p>Introduction to the awareness of wound infection and SSI guidelines David Leaper, <i>Professor, Cardiff University</i></p> <p>Common pathogens in chronic wounds and the challenges of diagnosis and management Rose Cooper, <i>Professor of Microbiology, University of Wales Institute, Cardiff</i></p> <p>Polyhexamide versus silver wound dressings: results of a controlled, randomised, prospective multicentric study Robert Strohal, <i>Professor of Dermatology, Austria</i></p> <p>Case report evidence with Suprasorb® X+ PHMB Sian Fumarola, <i>Tissue Viability Nurse Specialist, Staffordshire</i></p>	
16.10 – 16.40	Tea/coffee	
16.45 – 17.30	Plenary session in association with Systagenix	→ Main auditorium
●	<p>Building a service with Applied Wound Management Chairperson: Andrew Kingsley, <i>Clinical Nurse Specialist in Tissue Viability and Infection, North Devon Healthcare Trust</i></p> <p>Introduction to Applied Wound Management Richard White, <i>Professor of Tissue Viability, University of Worcester</i></p> <p>Developing a wound care formulary Simon Barrett, <i>Tissue Viability Specialist for East Riding of Yorkshire PCT</i></p> <p>How can Applied Wound Management help with service development and resource allocation David Gray, <i>Clinical Nurse Specialist, NHS Grampian, Aberdeen</i></p>	
18.15 – 19.00	Plenary session in association with Sorbion	→ King's suite
●	<p>Biofilms: what do nurses really need to know?</p> <p>An overview of biofilms in chronic wounds and their impact in clinical practice Chairperson: Rose Cooper, <i>Professor of Microbiology, University of Wales Institute, Cardiff</i></p> <p>Biofilms and slough Keith Cutting, <i>Visiting Professor, Buckinghamshire New University</i></p> <p>Slough and soft debridement Marco Romanelli, <i>Director of Wound Healing, University of Pisa, Italy</i></p>	
17.30 – 19.30	Conference exhibition opens — champagne reception	→ Hall Q

TUESDAY 10TH NOVEMBER

08.00	Registration, exhibition and poster viewing	
08.00 – 08.45	Breakfast meeting in association with Coloplast, breakfast provided	→ King's suite
	<p>The e-efficient® effect: assessment to audit</p> <p>A standard approach to wound assessment Caroline Dowsett, <i>Nurse Consultant, Newham NHS Trust, London</i></p> <p>A new methodology for data collection Kathryn Vowden, <i>Nurse Consultant, Bradford</i></p> <p>TELER, an approach to measuring quality outcomes Patricia Grocott, <i>Reader in Palliative Medicine, King's College, London</i></p>	
09.00 – 09.45	Parallel sessions	
	<p>Pilot study: exploring granulated sugar and osmotic VAC in treating exudating wounds/ulcers → King's suite Murandu Moses, <i>Senior Lecturer, University of Wolverhampton</i></p> <p>Developing and using digital pen technology for data capture within a wound healing unit → King's suite Kathryn Vowden, <i>Nurse Consultant Tissue Viability, Bradford Royal Infirmary</i></p> <p>Clinical study to evaluate the efficacy of Doplex when compared to the Doppler method → King's suite Jane Lewis, <i>Clinical Specialist and Research Podiatrist, St David's Hospital</i></p> <p>What are quality indicators in wound care? → King's suite Karen Ousey, <i>Principal Lecturer, University of Huddersfield</i></p> <p>Review of acute wounds → Main auditorium Stella Vig, <i>Consultant Surgeon, Mayday University Hospital, Croydon</i></p> <p>Review of chronic wounds → Main auditorium David Keast, <i>Outpatient chronic wound management, Ontario, Canada</i></p> <p>Innovations in clinic providers → Main auditorium Jacqueline Fletcher, <i>Principal Lecturer, University of Hertfordshire</i></p>	
09.50 – 10.35	Plenary session in association with Urgo → Main auditorium	
	<p>What is TLC for wounds? Chairperson: Kathryn Vowden, <i>Nurse Consultant Tissue Viability, Bradford Royal Infirmary</i></p> <p>Managing pain in wounds with TLC Janice Bianchi, <i>Lecturer in Tissue Viability, Glasgow Caledonian University</i></p> <p>Importance of evidence-based practice Keith Cutting, <i>Principal Lecturer, Buckinghamshire New University</i></p> <p>Results of the new soft-adherent foam dressing with TLC-NOSF to promote faster healing David Gray, <i>Clinical Nurse Specialist, NHS Grampian, Aberdeen</i></p>	
10.35 – 11.05	Tea/coffee, exhibition and poster viewing	
11.05 – 11.50	Parallel sessions	
	<p>Diagnostics/infection → King's suite Greg Schultz, <i>Institute for wound research, Florida</i></p> <p>Educational pathways, diploma, Masters, PhD and their relationship with the Agenda for Change → Main auditorium Jacqueline Fletcher, <i>Principal Lecturer, University of Hertfordshire</i></p>	

11.50 – 12.35	Plenary session in association with KCI → Main auditorium
	<p>Delivering high quality care within your budget</p> <p>David Melbourne, <i>Deputy Chief Executive, Heart of Birmingham Primary Care Trust</i> Deborah Gleeson, <i>Lead Nurse Tissue Viability Team and Equipment Pool Manager, Whiston Hospital</i></p>
12.35 – 14.00	Lunch, exhibition and poster viewing
13.00 – 13.50	Interactive audience debate 1 → King's suite
	<p>Michael Clark, <i>Wound Healing Research Unit, Cardiff</i></p> <p>For those of you interested in research but not sure how to take it to the next level, Michael Clark will help answer queries relating to the difference between research and audit, how to get started, proposal writing and ethic submissions.</p>
14.00 – 14.45	Plenary session in association with Mölnlycke Health Care → Main auditorium
	<p>Psychological and physical barriers to wound healing: implications for clinical practice Chairperson: Richard White, <i>Professor of Tissue Viability, University of Worcester</i></p> <p>Stress, pain and wound healing Dominic Upton, <i>Professor of Health Psychology, University of Worcester</i></p> <p>The patient experience Clare Morris, <i>Tissue Viability Advisor, Betsi Cadwaladr University Board</i></p>
14.50 – 15.35	Plenary session in association with BSN → Main auditorium
	<p>Indolent wounds, overcoming the challenges of non-healing wounds Chairperson: Andrew Kingsley, <i>Clinical Nurse Specialist in Tissue Viability and Infection Control, North Devon Healthcare Trust</i></p> <p>How antimicrobial dressing technologies differ Richard Hastings, <i>Microbiology Consultant</i></p> <p>Managing indolent wounds Sue Murphy, <i>Tissue Viability Nurse, Bristol PCT</i></p> <p>Binding of biofilms to Cutimed® Sorbact gel Rose Cooper, <i>Professor of Microbiology, University of Wales Institute, Cardiff</i></p>
15.35 – 16.00	Tea/coffee, exhibition and poster viewing
16.00 – 16.40	Interactive joint session for Wounds UK and Continence UK delegates → Main auditorium
	<p>Strategies, interventions and devices to provide clinically effective and patient concordant management of faecal incontinence in acute settings</p> <p>Karen Ousey, <i>Lecturer, University of Huddersfield</i> Warren Gillibrand, <i>Senior Lecturer, University of Huddersfield</i></p>
16.45 – 17.35	Session for Wounds UK and Continence UK delegates
	<p>Negotiating with managers in the NHS: a survivor's guide</p> <p>Chris Moon is one of the few people to successfully negotiate his release from the Khmer Rouge guerrillas. Chris will lead the delegates through a series of strategies for negotiating with NHS managers.</p>
19.00	Pre-dinner champagne reception Hall D
20.00	Conference gala dinner Hall A

WEDNESDAY 11TH NOVEMBER

09.30 – 10.15	Plenary session in association with Urgo	→ Main auditorium
	<p> Reality TV: managing your patients in the real world Chairperson: Brenda King MBE, <i>Tissue Viability Nurse Consultant, Sheffield PCT</i></p> <p>Chronic venous oedema Christine Moffatt CBE, <i>Honorary Professor, Nursing and Healthcare, University of Glasgow</i></p> <p>Chronic venous oedema: new effective compression, evaluating 10 case reports Debra Doherty, <i>Clinical Nurse Specialist, Lymphoedema</i></p> <p>Ankle sizes, addressing the bigger picture Kate Bennett, <i>Tissue Viability Specialist Nurse, Eastbourne Park PCT</i></p>	
10.20 – 11.05	Parallel sessions	
	<p> Working in partnership with industry to improve patient outcomes Heather Hodgson, <i>Tissue Viability Clinical Nurse Specialist</i></p> <p>Pressure ulcer programme of research: purpose Lynn Wilson, <i>Programme Manager, Leeds University</i></p> <p>Negative pressure wound therapy (NPWT): early results of using a new device in the cardiothoracic setting Fiona Downie, <i>Nurse Consultant Tissue Viability, Papworth Hospital NHS Foundation Trust, Cambridge</i></p> <p>Audit following implementation of a wound assessment tool across a PCT Michelle Greenwood, <i>Honorary Tissue Viability Nurse, Stourport Health Centre</i></p>	→ King's suite
	<p> International review of practice: experts discuss tips for success and painful lessons learned</p> <p>David Keast, <i>Outpatient Chronic Wound Management, Ontario, Canada</i> Keith Harding, <i>Wound Healing Research Unit, Cardiff</i> David Gray, <i>Clinical Nurse Specialist, Tissue Viability, NHS Grampian, Aberdeen</i> Jeannie Donnelly, <i>Tissue Viability Nurse, Northern Ireland</i> Alison Hopkins, <i>Wound Care and Lymphoedema Services, Tower Hamlets PCT, London</i></p>	→ Main auditorium
11.05 – 11.35	Tea/coffee, exhibition and poster viewing	
11.35 – 12.20	Plenary session in association with Covidien	→ Main auditorium
	<p> Myths and legends in the prevention and management of wound infection Chairperson: Valerie Edward-Jones, <i>Consultant Microbiologist, Manchester</i></p> <p>Andrew Kingsley, <i>Clinical Nurse Specialist in Tissue Viability and Infection, North Devon Healthcare Trust</i></p> <p>Keith Harding, <i>Wound Healing Research Unit, Cardiff</i></p>	
12.20 – 13.30	Lunch, exhibition and poster viewing	
13.30 – 14.15	Parallel sessions	→ King's suite
	<p> Stem cell research and the role of angiogenesis Girish Patel, ???</p> <p> Challenges of delivering tissue viability in paediatrics Jacquelyne Denyer, <i>EB Nurse Consultant, Great Ormond Street</i></p> <p> Management of trauma wounds in conflict ???</p>	
14.20 – 15.05	Parallel sessions	→ Queen's suite
	<p> Use of hyperbaric therapy in the management of wounds</p> <p>Use of hyperbaric medicine in wound angiogenesis Gary Smerdon, <i>Research Director, Hyperbaric Team, Diving Diseases Research Centre, Plymouth</i></p> <p>Effect of hyperbaric therapy on wound healing Alex Bisop, <i>Senior Clinical Nurse, Hyperbaric Team, Diving Diseases Research Centre, Plymouth</i></p>	
15.05 – 15.15	Finale and closing remarks
